

## OUR MISSION

To provide young people with a realistic and challenging leadership development program, while instilling the values of Loyalty, Duty Respect, Selfless Service, Honor, Integrity and Personal Courage.

## TRAINING ENVIRONMENT

- ☛ The most realistic military training program available to young people, ages 13 to 18, with a focus on ALL branches of the Armed Forces.
- ☛ Constant learning, based on real-world situations, using a variety of scenarios.
- ☛ Our program is physically demanding and mentally challenging. Each Cadet is expected to gain new skills as both a leader and a follower.

## OPPORTUNITY

Scholarship opportunities, specifically designed for four-week graduates of *Extreme Military Challenge!*, have been established for Cadets interested in attending a college-level military academy.

# EXTREME MILITARY CHALLENGE!

**WHAT WILL  
YOU DO THIS  
SUMMER?**

**EXTREME ADVENTURES  
FOR YOUNG MEN AND WOMEN  
AGES 13 TO 18**

## PROGRAM OVERVIEW

**EXTREME MILITARY CHALLENGE!** is a multi-phase career exploration and leadership program which provides young men and women ages 13 to 18 with an extremely realistic and challenging view of military life.

Our training is considered to be the most physically and mentally demanding available to High School and Middle School aged Cadets.

Following the Army's proven training philosophy of "Crawl - Walk - Run," each of our courses provide a solid foundation for future, and more advanced, learning. All courses are tailored to provide young people with a summer adventure which is challenging, exciting and fun.

## REQUIREMENTS

Our program is specifically designed for highly motivated young men and women, from around the world, who are crime-free, drug-free and doing well in school. Recruits and Cadets must be physically fit and have a strong desire to complete our training program.

Cadets and Explorers of other programs may be eligible to attend our advanced courses based on past experience. Contact us for details.

## WHAT MAKES US DIFFERENT?

-  **EXPERIENCE:** Our primary cadre has over 200 collective years of working with Cadets. Most of our staff were Cadets as young people and later served successfully in the Armed Forces.
-  **FACILITIES:** We have a 50' rappel tower, 25-meter pool, 8-lane marksmanship range, fully equipped recreation room and a large AirSoft training location on-site.
-  **LODGING:** Separate air-conditioned barracks for 500+ male and female Cadets. Spacious latrines with modern shower facilities.
-  **REALISM:** You will live in the same barracks as thousands of Cadets who have gone on to become military officers and civilian leaders.

## CRAWL: CADET BASIC TRAINING

Cadet Basic Training (CBT) is a two-week high-adventure introduction to military life. You will train, sweat and find your inner-strength with other young people from around the world. Recruits are led by seasoned Drill Sergeants, officers and NCOs who instill a high level of personal pride, self-discipline and internal confidence in each recruit. This is an excellent opportunity to experience the military lifestyle as a primer for the possibility of future military service or attendance at a Service Academy.

## WALK: CADET FIELD LEADER COURSE

The Cadet Field Leader Course (CFLC) is a two-week basic leadership course, based on the Army's Warrior Leader Course. Cadets are exposed to leadership traits and principles, while also working to develop an awareness of how they fit into a team. This is a heavily field-based program, with teamwork exhibited in a fire team, squad and platoon environment.

## RUN: CADET RECON COURSE

There are those who are driven to push themselves harder, longer and further than those around them. The Cadet Recon Course (CRC) is meant for those hard-chargers.

The four-week CRC is the toughest and most intense of our various courses. This training is reserved for young men and women, age 16 and older, who are driven to excel within a military training environment.

CRC is based on the curriculum taught during the U.S. Army's Ranger Assessment and Selection Program. Young people attending this course must be highly motivated and in great physical shape.
